*Payments for classes due with registration. Scratches day of show will not be refunded.

TOTAL PAYMENT INCLUDED: \$ _____ *Make Checks payable to Wisconsin Union*

Copy of Coggins test must accompany your registration form and an original must be shown upon arrival at the HEC.

Division Descriptions:

Equitation

Rider is judged on position and ability to correctly follow directions given by the judge. Riders are expected to be on the correct diagonal at the posting trot. Hands should be over and in front of the horse's withers, thumbs on top, handles slightly apart and making a straight line from the horse's mouth to the rider's elbow. Eyes should be up, shoulders back. Heels should be down, toes out, leg quiet and in contact with the horse's sides. Stirrup iron should be on the ball of the foot.

When in two point position, rider's hands should be moved up the horse's neck, and the rider should bend at the hip, lifting their seat of the saddle. Riders should convey the impression of complete control. Horses that are out of control will be disqualified and asked to leave the ring. Overall appearance of horse and rider and presentation can be taken into consideration.

Hunter

Horse is judged on overall performance of gates. Light contact with the horse's mouth is required. Horses should be obedient, alert, responsive, and move freely. Horses are expected to be on the correct lead at the canter. Soundness is required for eligibility.

Over fences, horses will be judged on overall performance and completion of the designated course. Minor faults include kicking out, jumping out of form, and/or spooking. Major faults include bucking, refusing to jump, and/or circling while on course. Horses may be eliminated for three refusals, dangerous behavior, or jumping off course. Depending on severity and frequency, light rubs (horse's hooves knocking obstacle as it is being jumped), adding or dropping strides in a line, or excessive animation can be considered faults.

Jumper

Horse and rider will be judged on the ability to complete the designated course without fault, within the allotted time. Time allowed may be adjusted by the judge if she determines that it is too short or long. Faults include disobedience (4), exceeding time allowed (1 per second), knock down of any part of jump or standard (4). Elimination criteria include resisting a jump for more than 45 seconds, multiple acts of disobedience, or going off course or leaving the ring before the course is completed.

Successful completion of the first course, without fault, makes the horse and rider eligible for the jump off. Jump off rounds will be judged by the same criteria, except that is no time limit established; faults are subtracted from the time (1 second per fault) and the horse and rider take to complete the course, and the fastest time wins the class!

Gymkhana

Ride a Buck: Place dollar bill between leg and horse and try to keep it there. If you drop your dollar, you're out. Judge calls out gaits, etc. Last one with dollar intact wins!

Egg & Spoon: Timed event where rider holds a spoon in one hand and an egg on top of it. Rider then must navigate horse around a cone and back to start line. If you drop the egg you must start over (so time accumulates). Fastest time wins!

Apple Barrel: Riders begin at start line, race to a barrel with apples on it, pick up an apple from the saddle and head back to second barrel at start line. The first rider to place their apple on the last barrel wins!
