**Karen Braun** is the founder of the Anam Cara School of Equine Massage in Merrimac Wi, which is certified by the State of Wisconsin Educational Approval Board. Karen is extensively trained in equine massage, myofascial release, craniosacral therapy, Reiki, and intuitive development. She has been a horse owner for 13 years, and has been a bodywork practitioner for 7 years. Karen is dedicated to working with horses and teaches courses routinely nationwide.

The **Equine Massage Workshop** will consist of a 2 hour interactive presentation by Karen. She will demonstrate a thorough assessment of the posture and movement of 3 to 4 horses, and then show how massage and other forms of bodywork can help each horse. Attendees will leave the demonstration with the ability to look at their own horses with a new perspective. Please RSVP by contacting Rachel Wykle, HRC Fundraising Coordinator, at [rwykle@wisc.edu](mailto:rwykle@wisc.edu) with the number of your party.
